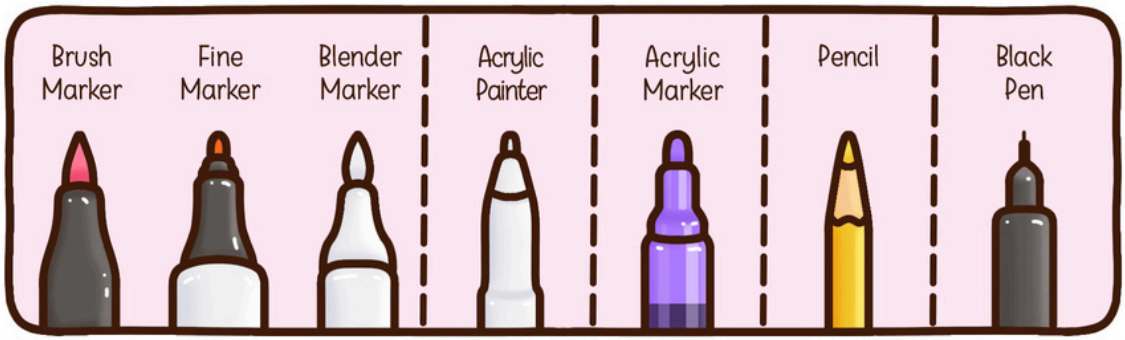
TYPE OF PENS



PART 1

COLOR TUTORIAL

Crystal

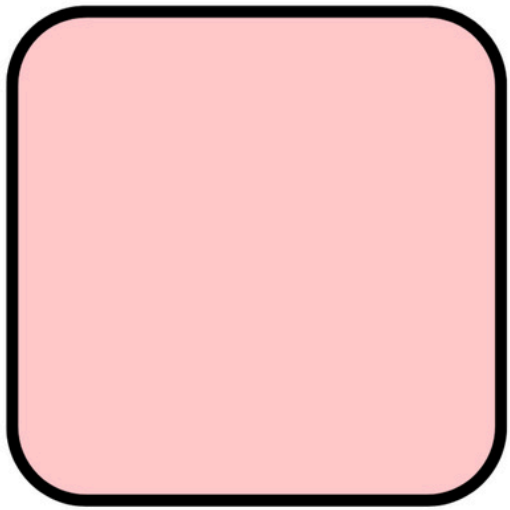
Draw crystal shapes with cracked lines using a black pen.

Color with a pastel ombré blend: blue, purple, pink, and yellow.

Add shading with darker tones and bolden the outlines.

Use a white gel pen to add sparkles and shiny highlights.

3D Red Apples



Fill the background with pastel pink and add pink heart shapes in between.

Draw a white checkered grid and use red and pink to create simple apple shapes. Add green stems.

Use yellow and pink to create highlights and shading on each apple.

Use a white gel pen to add shiny reflections, making the apples look glossy and more 3D.

Mountain Hills

Use blue and light green markers to create the sky and hilly background.

Add distant mountains with dark blue and mid-ground hills with soft green.

Draw small green bushes and rolling mounds with varied shades.

Dot the sky and meadow with white flowers and clouds for a lively touch.

Melting Ice Cream

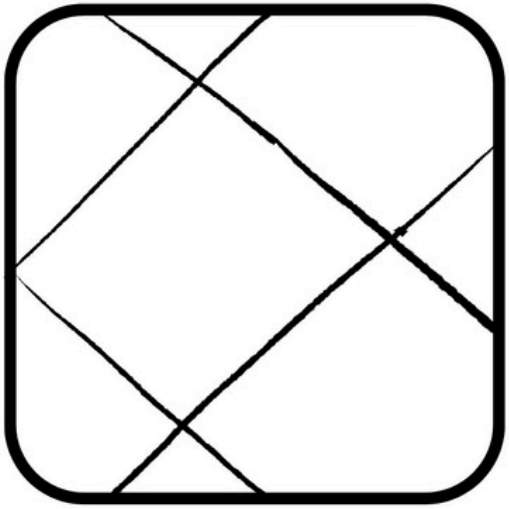
Divide the shape into two parts. Use bright yellow to create ice cream on top and pink for the cone underneath.

Use darker yellow to outline the drips and pink for the cone texture.

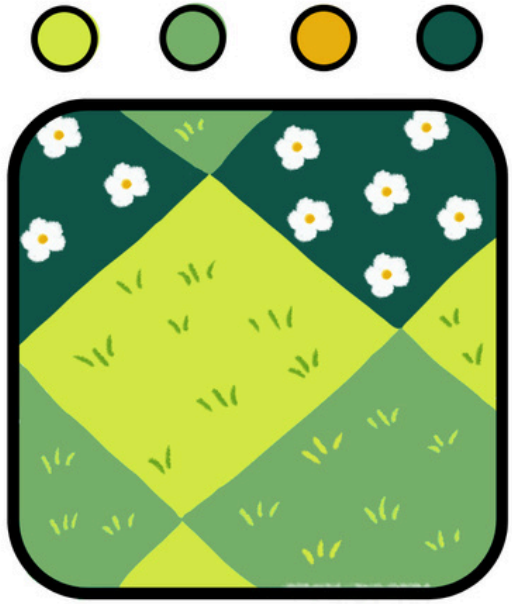
Add pink details for waffle or candy pattern.

Add sprinkles or candy bits in random colors for decoration.

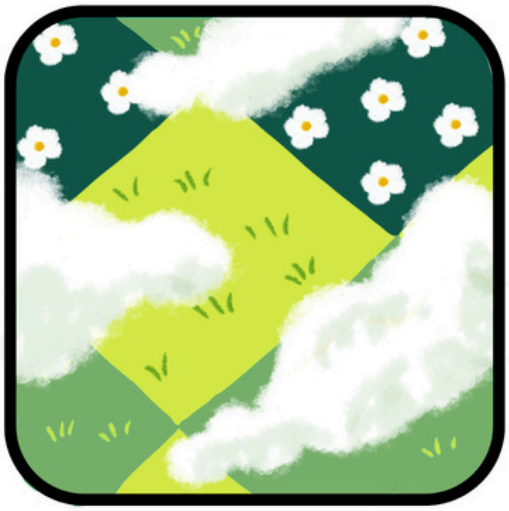
Meadow Patch



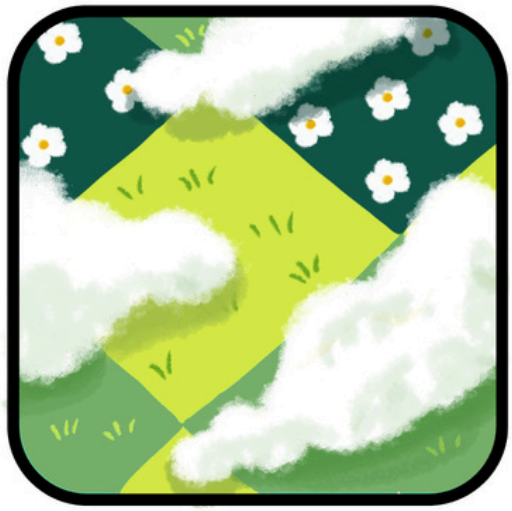
Use a pencil to draw diagonal grid lines to form the field.



Fill alternating blocks with green and flower patterns.



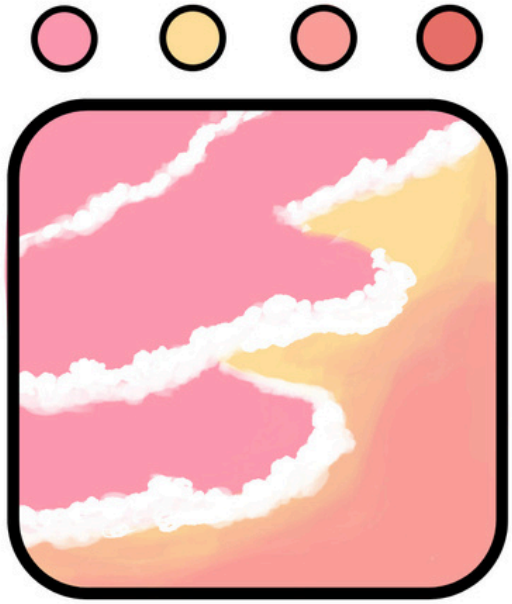
Use white to draw fluffy clouds crossing the field.



Add shading and soft edges to the clouds for depth and volume.

Sunset Sea

Step 1: Use a blend of pink and yellow to create a soft glowing sea surface.

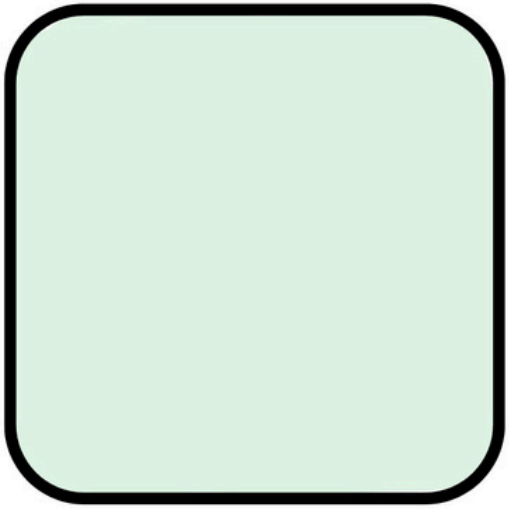


Draw flowing white waves using a white gel pen or diluted watercolor.

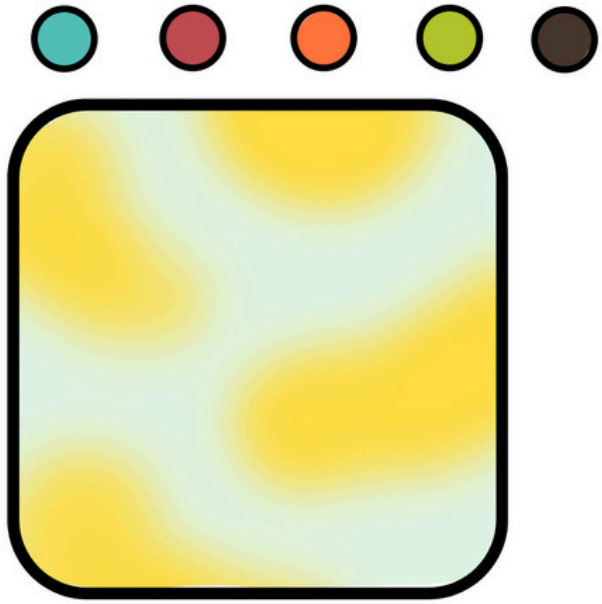
Use liners to detail sea foam and water movement.

Add shimmer with white dots to complete the dreamy sunset sea look.

Leopard Bubbles



Create a soft base by blending pink and yellow together for a glowing sunset effect.



Add aqua blue and orange patches in irregular spots to create a playful, colorful surface.

Use a brown or dark marker to draw organic blob-like shapes around the patches.

Outline or detail with black liner if needed to enhance contrast and mimic a leopard print texture.

Polka-Dot Oranges

Use a light yellow base and draw orange slices with a darker orange tone.

Add a small green curve to suggest a fruit stem.

Use orange and yellow dots to create texture like orange peel, and add radial lines from the center.

Add white, yellow, and light orange dots to create a juicy, sparkling effect.

Swamp Rocks

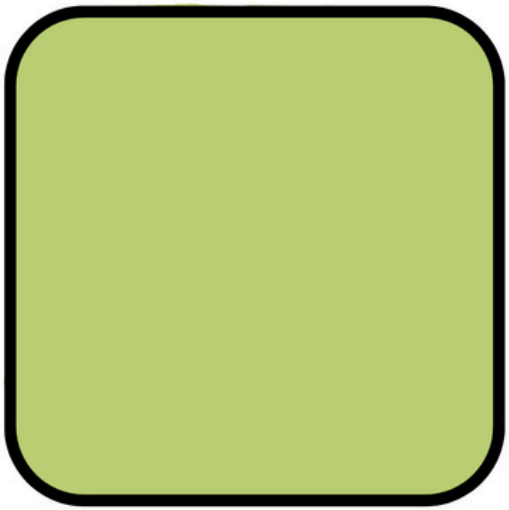
Fill the swampy background with light green, leaving empty spaces like the sample.

Use light yellow to fill area, then add darker yellow for rock depth. Blend in some white and gray to highlight stone texture.

Use darker green to add stains and water marks.

Use a white gel pen to add reflections on the green background.

Watermelon Rind



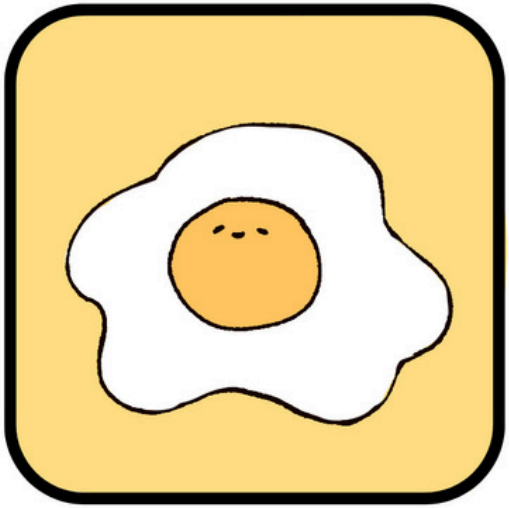
Fill the background with light green as the base color of the rind.

Use a blending tool to add patches of darker green for a natural, textured surface.

Draw vertical, uneven stripes using deep green to mimic watermelon patterns.

Add white highlights with a gel pen to create a fresh, glossy look on the rind.

Embroidered Fabric Motif



Draw a simple egg shape using white and yellow on a light yellow base.

Add horizontal orange lines across the background to simulate woven texture.

Use a black liner pen to draw stitch lines across both background and egg.

Use darker pink to outline and add depth.

Draw white dividing lines to form separate tiles.

Add white highlights with a gel pen to mimic glossy ceramic shine.

Wooden Shingles

Add more curved lines in darker tones to give depth and contour to the layers.

Use green shades to draw clustered bushes or treetops on the hills.

Refine with darker green and small dots for texture; outline if needed for extra clarity.

Flower-Covered Roof
