“Damn everything but the circus!
Damn everything that is grim,
dull, motionless, unrisking, inward
turning, damn everything that
won't get into the circle, that
won't enjoy. That won't throw its
heart into the tension, surprise,
fear and delight of the circus, the
round world, the full existence.”

“Today’s world needs change, alteration, renewal, and corrections of errors. It needs new ideas, new approaches, methods, plans, procedures, and new ways of doing things. Maybe you should think of going-literally or symbolically- to a circus today, where you’ll see stunts you never dreamed possible. The novelty and originality there may stimulate what you need more of in this life. Have the daring to take a flight for the idea you believe in!”
